The child must also be the beneficiary of a PA 529 account other than the Keystone Scholars account at the time Keystone Scholars funds are used. If not used by the beneficiary's 29th birthday, the funds will be returned to the Pennsylvania Treasury Department (Treasury). Funds in a Keystone Scholars account will be invested in a PA 529 GSP account and will remain under the sole custody of Treasury until they are used for the purposes of paying for qualified higher education expenses at an institution of higher education. The guarantee of the PA 529 Guaranteed Savings Plan is an obligation of the GSP Fund, not the Commonwealth of Pennsylvania or any state agency. Before investing in either PA 529 plan, please carefully read that plan's disclosure statement (available at pa529.com or by calling 1-800-440-4000) to learn more about that plan, including investment objectives, risks, fees, and tax implications. Before you invest, consider whether your or the beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in that state's qualified tuition program.
